COP27 Activation

Michelle, our founder, will be heading to COP27 and she wants to make sure everyone in the WAC community has a platform for their voice to be heard, whether or not they're attending in-person.

To this end, WAC will be conducting a digital activation to help members create a digital image they can share on social media. We will have all images on our website as well and Michelle will advocate for what our members hope for!

See our COP27 Wall of Hope here.

We would love to have you participate! If you're interested, fill out this <u>form</u>.

More details available in the document as well!

My hope for COP27 this year is a larger focus on solutions and enablement we can implement today to reduce our impact on the planet. Reduction of waste, plant-based diets, and carbon literacy are at the top of my list.

#HOPEFORCOP

I want one!

Donate

Women and Climate is ready to accept donations! We are a 501c3 charity and any support you can offer in the form of a one-time or monthly donation will help us continue to scale and grow our programs. We are likely eligible for donation matching as well if this is available at your company!

For any one-time donations over \$30 or a monthly donation at any nomination, we'll be gifting a WAC pin for those who would like one. Pins can be picked up in NYC at Even Keel or Maison Jar on Saturday's and Sunday's! If you live outside of NYC, you can have your friend pick it up for you!

If you make a donation and would like a pin, please let Michelle know on Slack or by email michelle@womenandclimate.co. Gift is available while supplies last!

Shoutout to our New York member <u>Tiya</u> for supporting us and sporting her pin! :)
